WICHITA MARKETS

The Receipts of Stock at the Wichita Union Stock Yards for the Past 24 Hours were: Cattle, Light; Hogs, 670. Shipments: None,

WICHITA, Nov. 25. The cattle market remains unchanged and prices are quoted steady. The receipts were light and there was a preponderance of common stuff, with a sprinkling of good butcher cows. There was no choice stuff on the market. The market was setive all day. A good deal of trading was done and some good sales were made The offerings today were all confined to native cattle and about everything in the

yards was sold.

HEPHERENTATIVE SALES

HOGE. The supply today consisted of 670 hogs Packers seem to be wanting hogs and all the offerings sold readily. The market was active and strong and 10 cents higher. Bulk today brought \$3.40 to \$3.50, and tops \$3.60. The day was satisfactory to men and the demand was good at the close of the market.

REPRESENTATIVE SALES ne following are the represe No Dock Av. Price No 200 e0

Brief Mention. Hogs strong; 10 cents higher, No business tomorrow after 13 o'clock. Both packers took the offerings today

There is some inquiry at present for heavy fresh mileh cows. The shippers today were: Burdenwick & P., Seward, two cars

G. H. Primrose, Atlanta, cattle and F. H. Weinshank, Rochester, hogs.

H. McMurry, Patterson, hogs N. E. Whiteside, Rome, hogs. M. E. Lindiey & Co., Andale, esttle and

White & Cain, Freeport, two cars hogs.

PEN, CHISEL AND BRUSH.

M. Renan, the French historian, is sixty sight years old, but mentally and physically vigorous, and as full of work as ever. Miss Grant, a sculptor of some eminence, has been commissioned to execute a bust of Mr. Parnell by his friends in parlia-

Vidal, one of the most famous last deende sculptors of France, was stone blind at the time when he executed some of his most famous works.

Thomas Hardy, the English novelist, began his business life as an architect, and his first published work was an essay on the use of colored brick and terra cotta in dwelling houses.

William W. Wheildon is the oldest edftor in Massachusetts, and celebrated his eighty-sixth birthday recently. He began his editorial career on The American Statesman in Boston in 1894. Thomas Bailey Aldrich, the famous Bos

ton poet, is a rather short, thick set man with a leonine head, covered with short, curly locks, a handsome face with regular features and a sensitive mouth, which is ot concealed by the brownish gray mus-Rubinstein, the composer, is a manual striking appearance. He has a massive head, broad brain and heavy hair, in which there is not a single gray thread, despite

his age, sixty-two years. As a good feeder

he has few superiors. He speaks English fluently. Paul Heyse, the novelist and favorite poet of German maidens, lives in a handome old house in Munich. He is a tall and graceful man of sixty, but with an appearance of youthfulness that makes him seem twenty years younger. He has an earnest face, with too much beauty in

it for a man. Miss Betham-Edwards, the English novelist, is credited with strong and unusur-opinions upon several subjects. She does not eat meat, is an advocate of cremation, thinks "The Scarlet Letter" the finest novel of the century and dislikes Ibsen and Tolstoi. She is a cousin of Miss Amelia B. Edwards, the Egyptologist.

who has been more or less in artistic touch with Sardou for several years past, has written "a personal study" of the distinguished Frenchman as a "poet, dramatist and author." It was on "The Copper Queen," a dramatization of her novel of that name, that Sardon and she were said | bowl - Jewelers' Circular. to be collaborating.

An Army of "Poor" Employees. To look after the city's standing army of dependents and delinquents requires a big official force. There are three commissioners with \$5,000 a year each, a secretary who gots \$2,300 and a staff of eleven at the central office, besides the superintendent of the outdoor poor and six assistants.

There are 31 employees in the district prisons (Jefferson Market, Essex Market, Yorkville and Harlem), 72 employees at female nurses, a chemist and 3 assistants, and 66 male nurses and employees.

There is a staff of 18 at the Gouverneur hospital, of 10 at the Harlem hospital, of 130 at the Charity hospital on Blackwell's island, of 82 at the penitentiary, of 42 in the almshouse, of 45 in the workhouse, of 250 in the city insane asylum, of 50 in the Ward's island hospital, of 300 on Randall's and Ward's islands, of 22 at the Hart's island workhouse, of 150 at the Hart's island asylum, of 75 at the Islip asylum and of 18 in the storehouse department on Blackwell's island. -New York Sun.

matched himself against eight strong men employed upon the grade work about the county court house, and agreed to put up from shoulder to arm's length a ten-pound dumbbell more times than the eight men could. Kendall has a limb which makes it necessary for him to use crutches, and as he is of very slight build the result of the contest appeared to be a foregone conclusion.

One after another the eight men took their places, Kendall keeping time with land, is an accomplished photographer. At each one, and after the eighth had the last meet at the Country club on the dropped his arm from sheer exhaustion Kendall smiled pleasantly and ran up his score of consecutive lifts to an even 1,000. His best score with a twelve-pound bell is 2,600 lifts, and he has a brother who holds the world's championship .-Seattle Press-Times.

This season will be the greatest season for laughter provoking dramatic produc-tions on record. More than 125 farce comedies there been projected, the number of legitimate comedies will be higher than fifty, and of "comedy dramas" nearly a hundred will go on the road. Probably

than a dozen new tragetles have been men-

Peace in Central America

The Hou. Antonio Batros, who succe Dr. Fernando Cruz as minister to the United States from the republic of Guatemala, is one of the most eminent scholars and statesmen in Central America, and for the last twenty years has held almost REA continuously positions of the highest honor and trust under his government. Once before he was minister to Washington during the administration of President Hayes. Mr. Batros says the reports of war and revolutions in Guatemala and other of the Central American countries are false.

FOOTLIGHT FLASHES. Signor Campanini has learned to sing in

Adolph Depuis, a famous French actor, recently died in Paris, aged sixty-six.

Still another railroad drama is to be staged. It is called "The Train Wreckers." M. Got has been a member of the Theater Francaise company in Paris for forty

William T. Carleton has been promi-nently identified with comic opera in America since 1873. "The White Slave," one of the first of

Chicago before long will have an opportunity to show whether she can support a permanent opera company or not. Mr. and Mrs. Kendal have been severely riticised for bringing a very inferior com-

making money.

pany to America on their present tour. Margery Daw, a clever newspaper woman, is soon to make her debut on the stage as a member of Halliott Paget's company. Johnstone Bennett is said to be able to act the part of a servant girl better than any other woman on the American stage. She gets \$200 a week in "Jane."

Mrs. W. G. Jones is one of the oldest American actresses. She was born sixty-three years ago and appeared on the stage when she was eight years old.

Marie Halton, the opera singer who eloped from the New York Casino, recently sold her jeweis in London for \$4,000. Some one says she is forty-five years old and has a grown up son.

Gilbert and Collier's new opera is en-titled "The Clockwork Man." It will be produced at the London Lyric with Geraldine Ulmer, Lionel Brough, Eric Lewis, J. Robertson and Harry Monkhouse in the

Mme. Witt, the retired opera singer, who recently committed suicide in Vienna, mbled a humble German housewife in looks, and, in fact, was eccentric enough, in the days of her fame and prosperity, to perform such menial household duties as scrubbing her own doorsteps.

THE JEWEL CASKET.

Silver photograph frames are of all sorts and all sizes. A pretty bracelet for a girl is made of linked daises

Bows of gold ribbon sometimes have dismond headed pins thrust through the knot. Medallions of enamel, imitating old Lim-

oges in its neutral voloring, are seen in watches, rings and brooches. A most ornate ice water service consists of a swinging pitcher of repousse silver, with two cupids attached to the frame holding large silver goblets.

double shells have rare Japanese orns mentation in colors. A fire dragon in red s one of the symbolic devices. There is a very pretty and delicate watch and neck chain now shown, made up of slender links of gold rope. For the neck, a little heart of turquoise or gold seems to be the proper pendant.

Ash receivers in the form of shells and

A novel blotter is in the form of a silver foot sole, bearing some such legend as "Many happy returns of the day is the wish of my sole." The blotters are attached by a slide beneath. A dead finish to gold seems to be recently introduced, which makes the metal more

Thus far it is seen chiefly on heart shaped lockets, with tracery ornamentation in burnished gold. Spoons are a feature, especially those in silver gilt. The daintiest specimens have handles of filigree. Occasionally these are touched with colored enamels, and the "The Copper shapes are most interesting. One had a

ELECTRIC SPARKS.

The Crystal Palace electrical exhibition will be opened in London on Jan. 1, 1892. A recent invention in coverings for electric conductors is one in which provision is made to retain air or gas within the protective covering to increase the static capacity.

Rome is to be lighted by electricity by ir assistants.

There are 45 employees at the Tombs, about twelve miles distant, will supply the including 4 physicians and 4 matrons. power, while the Via Nazionali will be the street first lighted.

The successful transmission of a power-ful current of electricity from Lauffen to the Bellevue hospital, besides 54 trained Frankfort has revived interest in the suggestion to send a current of equal intensity from Niagara to Chicago. A push switch similar to the push but

> invented for electric lamps. There are two buttons, the white one lighting the lamp and the black one putting it out. An electric cane has been invented by Frenchman. The battery is concealed in the stick and the knob contains an electric lamp. It can be used for a reading lamp

tons used in electric gas lighting has been

or to light its owner on a dark road. An electric wire breaking in a mine will frequently give forth a spark, thus exploding the dangerous gases. A recent invention is a safety mining cable which can be torn apart without spark, are or flame. E. P. Kendall gave a remarkable ex- fort-on-the-Main has ended, though the hibition of his skill and strength with a exhibition still continues. The next elec-ten-pound dumbbell at moontime. He trical congress will probably be that which opening of the World's fair.

SNAP SHOTS.

which a camera ciub has been started. The inventor of a formula for a paste to be used in mounting glace aristotype prints without impairing the glass will earn the thanks of thousands of amateurs.

County Clerk C. A. Hart, of Staten Is-Clare road he secured a number of spirited scenes of the hunt. Aluminium is taking the place of magnesium in flash lights for photography.

The mixture consists of powdered alumin ium and chlorate of potassium, which gives a brilliant flash with but little In England the Camers club has set an example that might well be followed by amateur associations in this country by instituting a series of elementary lessons in the practice of photography for the benefit

of the younger members. Among the fine collection of pictures shown by the Amateur society at the American Institute fair, New York, Dr. Feener's clever snap shot, entitled "Don't Suap!" has attracted much attention, it portrays the doctor's little daughter in an Thereogh instruction. Purels rectalagiven weakly children Cry for Pitcher's Castoria: against the aim of the camera.

General officers Chicago. Shift

On and after July 19 a change of Pime will become effective between Wichitta and New York, so that a pessenger leaving Wichitta on the Missouri Pacific railway can reach New York in 49 hours and 15 can reach New York in 40 hours and in minutes. The troin leaves Wichila daily at 1820 p.m., arriving in New York at 200 p. in the second day following. Only one change of cars is necessary, which is made in the St. Louis Union deped. This is several hours quicker time than one be made by any other time out of Wishita, Seats free in chair cars. Pullman sleeping cars if desired.
